

ARROWS CHRISTIAN ACADEMY

To Potential Patrons,

At Arrows Christian Academy, we are excited to begin the process of enrolling students for the 2023-24 school year. However, we are still in the process of completing the project to obtain school occupancy, but Lord willing, plan to finish the beginning of July and submit our paperwork to the Dept. of Ed. Our vision is “to provide a Christian school alternative for families living in the City of Reading”. We will be enrolling students from K-5 for this academic year, with a target enrollment of 20-25 students. We will be making enrollment decisions based on several parameters:

1. Location: Residency and distance from school
2. Vision: Support of the core values of the school as detailed on pages 3 and 4 of the handbook
3. Academics: Academic level and attitude toward education

We appreciate your interest in joining Arrows Christian Academy and look forward to educating the next generation from a Biblical perspective. The enrollment process can be found on page 4 of our handbook. Both the handbook and enrollment application are located under the enrollment tab on our website. For this initial enrollment period, the school tour and parental interview will be combined into one event. An application needs to be completed and submitted by mail or electronically before a tour/interview will be arranged. The final decision on all enrollments are made by the Arrow’s school board, and are capacity limited.

Hope and Peace in Christ,

Kevin Martin, Administrator, Arrows Christian Academy
